7.5—PURCHASES OF COMMODITIES

Purchases shall be made in accordance with State laws and procurement procedures governing school purchases that are deemed to be in the best interest of the District and are the result of fair and open competition between qualified bidders and suppliers. No bids shall be taken for professional services.

DEFINITIONS

“Commodities” are all supplies, goods, material, equipment, computers, software, machinery, facilities, personal property, and services, other than personal and professional services, purchased on behalf of the District.

“Professional services” are legal, financial advisory, architectural, engineering, construction management, and land surveying professional consultant services.

“Specifications” means a technical description or other description of the physical and/or functional characteristics of a commodity.

Purchases of commodities with a purchase price of more than \$10,000.00 require prior Board approval, unless an emergency exists in which case the Superintendent may waive this requirement. The Superintendent shall serve as the designated agent of the district in all purchases related to day to day operations of the district.

The district shall notify in writing all actual or prospective bidders, offerors, or contractors who make a written request to the district for notification of opportunities to bid. The notification shall be made in sufficient time to allow actual or prospective bidders, offerors, or contractors to submit a bid or other appropriate response. The board shall accept bids submitted electronically by email or fax for any and all district purchases, unless specified to be submitted by other means or methods, and except those bids which have been specified to have a designated date upon which the bids shall be opened. The superintendent shall be responsible for ensuring submitted bids, whether written, faxed, or emailed, are retained in accordance with policy 7.15—RECORD RETENTION AND DESTRUCTION.

The district will not solicit bids or otherwise contract for a sum greater than twenty-five thousand dollars (\$25,000) with vendors that are on the “excluded parties list” if the contract is to be paid from federal grant funds.

All purchases for a Federal program with an estimated purchase price between three thousand dollars (\$3,000) and ten thousand dollars (\$10,000) and all purchases of commodities within estimated purchase price that equals or exceeds ten thousand dollars (\$10,000) shall be procured by soliciting bids. Specifications shall be devised for all commodities to be bid that are specific enough to ensure uniformity of the bid and yet not so restrictive that it would prevent competitive bidding. The bid specifications shall not include the name or identity of any specific vendor. The Board reserves the right to reject all bids and to purchase the

commodity by negotiating a contract. In such an instance, each responsible bidder who submitted a bid shall be notified and given a reasonable opportunity to negotiate.

Bids shall be awarded after careful examination of the details of the bid to determine the best overall value to the District. In instances where the low bid was not accepted a statement of the reasons shall be attached to the bid. Bidders submitting written bids shall be notified in writing of the bid award.

The following commodities may be purchased without soliciting bids provided that the Superintendent determines that it is not practicable to use other than the required or designated commodity or service:

1. Commodities in instances of an unforeseen and unavoidable emergency;
2. Commodities available only from the federal government;
3. Utility services;
4. Used equipment and machinery; and
5. Commodities available only from a single source;
6. Personal or professional services.

Prospective bidders, offerors, or contractors may appeal to the district's superintendent if they believe the district failed follow district bidding and purchasing policy or state law.

Any award of a contract shall be subject to revocation for ten working days or, if an appeal is received, after resolution of the appeal. This shall give prospective bidders, offerors, or contractors the opportunity to appeal the bid award if they believe the facts warrant an appeal. Any appeal shall be **in writing by certified mail** and received by the district office, "attention to the superintendent" within seven calendar days following the initial and revocable award of the contract.

If the district receives an appeal of a bid award, they shall notify, in writing, those prospective bidders, offerors, or contractors who have made a written request to the district for notification of opportunities to bid that an appeal has been submitted. The notification shall state:

- that the contract award has been halted pending resolution of the appeal and could be revoked;
- the reasons for the appeal;
- that the recipient of the letter may respond to the protested issues identified in the appeal;
- the date the decision on the appeal will be made and notification sent;
- that if the appeal is upheld, the bidding process will start all over again;
- that if the bidding is re-opened, changes will be made to the request for bids as necessary to satisfy the reasons for upholding the appeal.

The sole authority to resolve any appeal made relating to this policy shall rest with the superintendent. The superintendent's decision shall be final and conclusive. In the event the

district upholds an appeal, the sole responsibility of the district to the aggrieved bidder(s) shall be the re-opening of the bidding process.

The District reserves the right to extend or renew a contract that was previously awarded under the process governed by this policy and law, provided the extension or renewal meet the following criteria.

1. The equipment and services provided under the extended or renewed contract meets or exceeds the specifications of the original bid.
2. The extended or renewed contract agreement complies with the state of Arkansas's documentation requirements.
3. The cost of the extended or renewed contract is the same or less than the original contract.
4. The extension or renewal is approved by the local school board.

It is the policy of the Board that District school buildings may be used by citizens of the District to conduct lawful meetings for social, civic, or recreational purposes provided such meetings do not interfere with the regular school work and proper protection is afforded the district against the potential costs of such use. The Superintendent shall be responsible, with Board approval, for establishing procedures governing such use of school buildings. The governing procedures shall be viewpoint neutral. Building principals shall be consulted to determine if there exists any conflict with planned school activities prior to other groups being allowed to use school facilities.

The District shall establish a fee schedule for the use of school facilities. Charges made for the use of school facilities shall reflect the actual costs (e.g. labor, utility, and materials) incurred by the District. School employees may participate as part of a community organization which is renting a school facility for a political purpose.

Any school employee found guilty or who pleads guilty, or nolo contendere to the use of District funds to support any ballot measure shall be immediately suspended, and recommended for termination by the superintendent.

District employees and members of the Board of Directors may incur incidental expenditure of District funds for travel costs when speaking at an event in which a ballot measure is discussed if the subject matter of the speaking engagement is within the scope of the person's official duties and responsibilities.

The requirements of this policy shall govern reimbursement for expenses related to travel and/or attendance at conferences and professional development activities incurred by district employees and/or members of the Board of Directors on behalf of the district. Original receipts must accompany all requests for reimbursement to the extent that such receipts are customarily available. For a receipt to be valid it should contain the name of the issuing company, the date, and the amount. Mileage, lodging, and meal expenses will not be reimbursed when incurred for the personal convenience of the employee and not required by the reason for the travel. Reimbursement for travel shall be for the lesser of the cost between travel by air or by car with some consideration allowed for length of time and the method of travel.

To the extent practicable, employees shall have the district pay initial conference and professional development registration fees and associated necessary materials. In the occasional circumstances where this is not practical, the district shall reimburse the employee for such fees if they were authorized in advance and are supported with proper receipts.

The District will not reimburse expenses of any non-school board member or non-employee who accompanies the school board member or employee during his/her school related travel.

Reimbursable Expenses

Mileage that is driven for a district sanctioned purpose in an employee's personal vehicle shall be reimbursed provided appropriate documentation is submitted establishing the date and time, place, and purpose of the travel. Mileage shall be reimbursed at the rate of 40 cents per mile and shall be based on the shortest, most reasonable, route available.

Meals may be reimbursed for travel which necessitates an overnight stay when submitted according to the dictates of this policy. Reimbursement shall be prorated based on the percent of a day the employee is away on travel. For example, if an employee returns from his/her travel in the afternoon, he/she is only eligible for reimbursement for breakfast and lunch expenditures. Meals shall be reimbursed at the following rate: \$7.00 breakfast, \$10.00 lunch and \$12.00 dinner.

Tips paid by a school employee for meals associated with travel as defined in this policy are not reimbursable.

Meal expenses incurred by the superintendent or other administrators as necessary, in the performance of their duties when meeting with state officials or consultants may be reimbursed on a prorated, per person basis in line with the mandates of this policy. Such expenses shall only be reimbursed when the expenditure is likely to result in a tangible benefit to the district.

Travel necessitating overnight lodging shall be reimbursed to the extent that it is not lavish and is reasonable based on circumstances of the expenditure. Proper documentation establishing the date and time, place, and purpose of the travel must be submitted along with a receipt for the overnight accommodations. Employees

shall receive assistance from administrators or their designee in arranging travel plans to help keep expenses to a minimum.

Expenses Not Covered

- Alcoholic beverages;
- Entertainment expenses – including sports or sporting events; pay per view or game expenses at motels;
- Replacement due to loss of theft;
- Discretionary expenses for items such as clothing or gifts;
- Medical expenses incurred while on route to or from or at the destination of the reason for the travel;
- Optional or supplementary insurance obtained by the employee for the period covered during the travel

Credit Cards

Only those employees specifically issued credit cards to be used in the performance of their jobs to purchase goods, services, or supplies on behalf of the district shall be allowed to use such cards. Employees who incur reimbursable expenses as defined in this policy are expected to pay for them initially by any means they choose and then submit their request for reimbursement. The district assumes no responsibility for the payment of any personal credit card charges incurred by a district employee. Reimbursement request must be accompanied by itemized receipts that are unaltered.

Airport Associated Expenses

Receipts for airport associated expenses are required for reimbursement. All airline flights shall be by coach/economy class. Upon arrival at their destination, employees are expected to take the less expensive option between a taxi and an airport shuttle service to his/her hotel or meeting site. When circumstances dictate that a rental car is necessary and/or the most economical approach to the travel requirements, the least expensive car that will accomplish the job should be rented. The district shall not reimburse for any kind of rental car supplemental insurance.

Reimbursement for teacher purchased materials and supplies must be for purchases authorized in advance by the principal or superintendent. Proof of pre-authorization and unaltered itemized receipt must be presented for payment. Receipts should be turned in no later than 30 days following expenditure. The schedule shall specify the length of retention for any records not specifically delineated by this policy and be distributed to staff on a need-to-know basis according to their respective employment duties and responsibilities. The schedule should accommodate the need for records to be stored as a blend of printed, bound and electronically recorded (e.g., audio tape, video tape, micro-fiche,

2. Users must respect the legal protection applied to programs, data, photographs, music, written documents and other material as provided by copyright, trademark, patent, licensure and other proprietary rights mechanisms.
3. Users must respect the integrity of other public or private computing and network systems. Users shall not intentionally develop or use programs that harass other users or infiltrate any other computer, computing system or network and/or damage or alter the software components or file systems of a computer, computing system or network.

4. Use should be consistent with guiding ethical statements and accepted community standards. Use of the Services for malicious, fraudulent, or misrepresentative purposes is not acceptable.
5. The Services may not be used in ways that violate applicable laws or regulations.
6. The Services may not be used in a manner that precludes or significantly hampers network access by others. Nor may the Services be used in a manner that significantly impairs access to other networks connected to the House network.
7. Connections which create routing patterns that are inconsistent with the effective and shared use of the Services may not be established.
8. Unsolicited advertising is not acceptable. Advertising is permitted on some Web pages, mailing lists, news groups and similar environments if advertising is explicitly allowed in that environment.
9. Repeated, unsolicited and/or unwanted communication of an intrusive nature is strictly prohibited. Continuing to send e-mail messages or other communications to an individual or organization after being asked to stop is not acceptable.
10. By logging on, you agree to hold the Manila Public School's harmless for any damages that may result from access to the Internet or inappropriate usage.
11. Users of the network are responsible for protecting sensitive data as well as data from state networks.
12. Users of the network are to log out of their devices, if sensitive data is visible or accessible, when not in use.
13. Cooperative staff will keep sensitive data in an encrypted folder or stored online in their Cooperative mail account.

The following guidelines will be applied to adhere to recommendations from the Arkansas State Security's Office Best Practices.

- All wireless devices will be protected by a personal firewall, except in instances where firewall technology is not available or controlled by the network.
- No agency or department is entirely dependent on wireless technology for connectivity. All rooms have Ethernet ports as well as wireless coverage.

- Service Set Identifier (SSID) of all Manila Public School's access points are changed from the manufacturers default settings.
- WPA2-PSK wireless encryption is used. Passwords are minimum 8 characters with 3 different types of characters used. Passwords are given to participants and staff.
- Wireless LAN Access Points (WAP) are located to provide the best coverage across the Cooperative building. Access Points do not broadcast past the intended coverage area.
- Software and firmware updates from the wireless manufacturer are applied to the WAP and affected wireless cards as soon as possible after release.
- The District is continually monitored to locate any devices that might be on the network without permission.

The intent of this policy is to identify certain types of uses that are not appropriate, but this policy does not necessarily enumerate all possible inappropriate uses. Using the guidelines given above, we may at any time make a determination that a particular use is not appropriate.

7.19—MANAGEMENT AND DISPOSAL OF DISTRICT PROPERTY

Definitions

For the purposes of this policy, the following definitions apply:

“Commodities” are all supplies, goods, material, computers, software, machinery and other equipment purchased on behalf of the district having a useful life of more than one year and an acquisition cost of \$1,000 or more per unit.

“Surplus commodities” are those commodities that are no longer needed, obsolete, irreparable, or worn out.

“Real property” is land and whatever is erected or affixed to land, such as structures or buildings.

“Surplus real property” is real property that is not presently needed or foreseen to be needed by the District, and that has been authorized for sale as surplus real property by vote of the School Board.

"Trash" are those items that would otherwise belong to another category of goods or property defined in this policy, but which, due to the property's age or an act of God, have less value than it would cost to repair the item. Examples could include, but are not limited to, fire damage, vehicle accidents, extreme age and/or decline in value of the item.

The District’s purchases of commodities shall be in accordance with Policy 7.5—PURCHASES OF COMMODITIES and, to the extent applicable, the procurement requirements of any granting source of funding used to purchase the commodity. The Superintendent shall develop procedures governing the use, management, and dispersal of commodities. At a minimum, the procedures will cover the following topics.

- labeling all commodities;
- establishing adequate controls to account for their location, custody, and security;
- annually auditing the inventory of commodities and updating a listing of such commodities to reconcile the audit with the district’s inventory records. The audit will be documented and account for any transfer and/or disposal of a commodity.
- Disposing of surplus commodities and surplus real property, whether purchased in whole or in part with federal grant funds or with local funds.

Disposal of Surplus Commodities

The Board of Directors recognizes that commodities sometimes become of no use to the District and thus meet this policy’s definition of surplus commodities.

The Superintendent or designee(s) will determine the objective fair market value of surplus commodities. The District will strive to dispose of surplus commodities at or near their fair market value.

The Superintendent may declare surplus any commodity with a fair market value of less than \$1000. Surplus commodities with a fair market value of less than \$1000 will be periodically sold by the most efficient, cost effective means that is likely to result in sales at or near fair market value.

The Superintendent may submit a list of surplus commodities deemed to have a fair market value of \$1,000 or greater to the Board of Directors for authorization to sell such surplus commodities. Once the Board of Directors has authorized the sale of such surplus commodities, the Superintendent or designee(s) may sell that surplus commodity as the need arises. Items with a fair market value of \$1,000 or greater will be sold by the most efficient, cost effective means that is likely to result in sales at or near fair market value. If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid provided the high bid is at or near the fair market value without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation in which case the provisions of A.C.A. §§ 6-24-101–107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold commodities may then, at the discretion of the Superintendent, be disposed of as scrap or junk or be donated to appropriate charitable or education related entities. Computer or technology equipment will be cleansed of data prior to disposal.

Disposal of Surplus Real Property

The Board of Directors recognizes that real property it owns sometimes becomes no longer of use to the District and thus meets this policy's definition of surplus real property.

The Superintendent may submit a request to the Board of Directors for authorization to sell surplus real property. Once the Board of Directors has authorized the sale of such surplus real property, the Superintendent or designated individual(s) may sell that surplus real property as the need arises. The Superintendent or designee(s) shall be responsible for getting a determination of the objective fair market value of surplus real property. The district will strive to dispose of surplus items at or near their fair market value. The real property may be listed for sale with a real estate broker, and the Superintendent or designated individual may contract on behalf of the district to pay the usual and customary sales commission for such transactions, upon sale of the property.

Except when the District receives and accepts an offer to lease or purchase surplus real property from a purchaser for an amount that exceeds the fair market value through a bid process, an open-enrollment public charter school that draws its students from the District shall have a right of first refusal to purchase or lease for fair market value any of the District's surplus real property.

If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee(s) may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid provided the high bid is at or near the fair market value without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation in which case the provisions of A.C.A. §§ 6-24-101–107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold real property may then, if agreed to by the Superintendent and Board of Directors, be donated to appropriate education related entities, not-for-profit organizations, the county, city, or incorporated town in accordance with the provisions of state law.

Items obtained with federal funds shall be handled in accordance with applicable federal regulations, if any.

The disposal of school property must be for the benefit of the school district and consistent with good business principles.

Trash, as defined in this policy, may be disposed of in the most cost efficient or effective method available to the district.

Disposal of Surplus Real Property After Consolidation

Real property of a consolidated school district that is no longer being used for educational purposes and has not been sold, preserved, leased, or donated two (2) years after the effective date of consolidation shall be made available for use by a publicly supported institution of higher education, a technical institute, a community college, a not-for-profit organization, a county, a city, or incorporated town by the Board of Directors for the following purposes:

- Having the real property preserved, improved, upgraded, rehabilitated, or enlarged by the donee;
- Holding of classes by statutorily authorized education related entities; or
- Providing community programs and beneficial educational services, social enrichment programs, or after-school programs.

7.20 – DISPOSAL OF NON-NEGOTIATED CHECKS OR UNCLAIMED PROPERTY

State law specifies how the district is to dispose of retained funds in the form of issued but non-negotiated checks that have been not been presented for payment within one calendar year. The district shall dispose of these retained funds in accordance with the law and remit the amount of all non-negotiated checks to the Unclaimed Property Division of the Arkansas Auditor’s Office.

The district shall make a good faith effort to return physical items that have been left on district property to their rightful owners. When contact information is known for the owner of an item of a non-perishable nature left at the district, the district shall use the information to attempt to contact the owner to inform him/her of the location of the item. Owners of such items shall be given at least three weeks to pick up the item he/she left at the district. If the owner fails to pick up the item within the time allotted, the district may dispose of the item in a manner of its choosing.

The district is under no obligation to retain an abandoned, perishable item left on district property.

7.21—SERVICE ANIMALS IN DISTRICT FACILITIES

In accordance with the provisions of the Americans with Disabilities Act, service dogs and trained miniature horses (hereinafter referred to as *service animals*) are permitted for use by individuals with disabilities on district property and in district facilities provided the individuals and their animals meet the requirements and responsibilities covered in this policy.

When an individual with a disability seeks to bring a service animal into a district facility, the district is entitled to ask the individual if the animal is required because of a disability and what work or task the animal has been trained to perform. The district is not entitled to ask for documentation that the animal has been properly trained, but the individual bringing the animal into a district facility will be held accountable for the animal's behavior.

Any service animal brought into a district facility by an individual with a disability must have been trained to do work or perform tasks for the individual. The work or tasks performed by the service animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do **not** constitute work or tasks for the purposes of this policy; no animal brought solely for any of these reasons shall be permitted on school grounds.

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a public entity's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control by means of voice control, signals, or other effective means.

A service animal shall be groomed to prevent shedding and dander and shall be kept clean of fleas and ticks.

District staff (is there a better word) may ask an individual with a disability to remove a service animal from the premises if:

- (1) The animal is out of control and the animal's handler does not take effective action to control it; or
- (2) The animal is not housebroken.

If the district excludes a service animal due to the reasons listed above, the district shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.

The District and its staff are not responsible for the care or supervision of a service animal brought onto district property or into district facilities by an individual with a disability. Students with service animals are expected to care for and supervise their animal. In the case of a young child or a student with disabilities who is unable to care for or supervise the service animal, the parent is responsible for providing care and supervision of the animal. Prior to working in the school, any person responsible for providing care and supervision of the animal must go through the same process for background checks as required of all employees of the school system.

The District shall not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets.

7.22—ELECTRONIC TRANSFERS

The Manila Board of Directors authorizes the District Business Manager/District Treasurer to initiate electronic fund transfers as necessary and appropriate for routine and/or recurring fund disbursements. Such authority is granted in all cases for each fiscal year, provided that applicable documentation is maintained by the District Business Manager/District Treasurer verifying that each disbursement is an approved obligation according to District policy, and pursuant to §6-12-701 (e) (1) (B) of Arkansas Code.

7.23—HEALTH CARE COVERAGE AND THE AFFORDABLE CARE ACT

Public School Employee Health Insurance

All eligible District employees may elect to enroll themselves, their spouse, and/or their dependant(s) in one of the insurance plans through the Arkansas Public School Employee Life and Health Insurance Program (PSELHIP). New employees have until the end of the first full month following the date the employee's employment duties begin to elect to enroll in a PSELHIP plan; Coverage for eligible employees who choose to enroll in a PSELHIP plan shall take effect on the first of the month following the date on the enrollment application and shall be in effect until the end of the calendar year. Employees who experience a Qualifying Status Change Event have thirty (30) days from the date of the Qualifying Status Change Event to file an application to change coverage information. All employees may make changes to their PSELHIP plan during the yearly open enrollment period.

The District shall provide annual education to all eligible employees on the advantages and disadvantages of a consumer-driven health plan option and effective strategies of using a Health Savings Account (HSA).

Eligibility

“Eligible employee” includes:

- All licensed employees in public schools who are normally expected to work nine hundred (900) hours or more per year and whose salaries are paid from the school district's teacher salary fund;
- All licensed employees of the school district whose salaries are not paid from the school district's local or state funds regardless of the number of hours normally expected to be worked;
- All classified employees of the school district who are normally expected to work nine hundred (900) hours or more per year regardless of whether or not the salaries are paid from the school district's local or state revenues;
- A person who contracts with a public school district to operate a school bus for at least seven hundred twenty (720) hours during the school year; and
- A person who contracts with a public school district to operate a school bus and is designated by the superintendant as a full-time school bus driver regardless of the number of hours contracted.

Contribution to Premiums

At a minimum, the District shall distribute the statutorily required contribution rate to all employees who are enrolled in one of the PSELHIP plans. Additionally, the District shall calculate if the Arkansas Department of Education (ADE) determination of the District's health insurance funding contained in the State Foundation Funding exceeds the amount the District otherwise distributes to eligible employees. In the event the calculation determines there are additional funds required to be distributed to enrolled employees, the District shall distribute the identified funds to all employees enrolled in a PSELHIP plan. Shall be made, at the employee's choosing, to either help defray the cost of the employee's premium or deposited in the employee's HSA. Such funds shall **not** be distributed to employees in any other manner such as a payroll stipend or bonus. To the extent possible, the funds shall be distributed equally to each employee. However, there may be occasions where the amount that would be distributed exceeds the employee's premium and the employee either has no HSA or the employee's plan is not eligible for an HSA. In such instances the employee's surplus funds shall be redistributed to the remaining enrolled employees.

The District recognizes that due to fluctuations in student enrollment and staffing, the funding available to distribute to each enrolled employee based on the health insurance funding contained within the State Foundation Funding, as reported by ADE, may vary from month to month and year to year. Therefore, the district will adjust such additional funding on an as-needed basis.

Affordable Care Act

The District's policies are in compliance with the Affordable Care Act. The District offers health coverage to all eligible and full-time employees and their dependants through the PSELHIP, files IRS Returns on the health care coverage of all full-time employees, indicates the cost of the employee's health coverage on the employee's W-2, and provides a Statement of Return to all full-time employees regarding the employee's IRS Return on the employee's health insurance coverage.

Definitions

“Dependant” for purposes of this policy includes an employee's spouse.

“Full-time employee” means:

- A licensed employee who performs thirty (30) or more hours of service a week;
- a classified employee who works twenty (20) or more hours per week for the school district; or
- A person who contracts with a public school district to operate a school bus and is designated by the superintendant as a full-time school bus driver regardless of the number of hours contracted.

“Responsible individual” means a primary insured employee who, as a parent or spouse, enrolls one or more individuals in minimum essential coverage through a district's health care plan.

“Tax Identification Number (TIN)” means an individual's social security account number.

Look-Back Period

The District uses a 12 month look-back period when determining if an employee qualifies as a full-time employee.

IRS Return

The IRS requires that a “Return” be filed by the District on every full-time employee. These Returns cover the District's full-time employees and the dependants of a responsible individual's health care coverage status during the previous calendar year. To satisfy the IRS requirement, the District shall:

1. Collect information annually on the participation in, or lack thereof, a PSELHIP plan of all full-time employees and their dependants;
2. Complete the form(s) provided by the IRS that constitute a return for each District full-time employee;

W-2

For all full-time employees who are enrolled in a PSELHIP plan, the District shall indicate in box twelve (12) of the employee's Form W-2 the cost of the employee's health care coverage by using code “DD”.

Statement of Return

The District shall provide a copy of each full-time employee a Statement of Return (Statement) regarding the IRS Return filed on the employee. The Statement shall contain: The District's name, address, and Employer Identification Number (EIN) as well as a copy of the IRS Return filed on the employee. The District shall send a copy of the Statement to the employee on or before January 31 of the calendar year following the calendar year the information in the Statement corresponds to. The District shall send only one Statement to the household of an employee who meets the definition of a responsible individual that will include all requisite information for both the responsible individual and the responsible individual's dependant's.

The District is not responsible for making sure the employee's contact information is up to date. Employees whose contact information changes should submit such changes to the Superintendent's office. Employees who have elected to receive an electronic Statement shall be notified electronically through the email address on file in the event that any of the District's contact information changes.

In the event the District makes corrections to an employee's Statement, the District shall transmit the corrected Statement to the employee within ten (10) business days of the completion of the corrected Statement.

Record Retention

The District shall maintain copies of the documentation the District uses to notify employees of their ability to elect to enroll in a PSELHIP plan, the IRS Returns filed on employees, and Statement provided to employees in accordance with the requirements for documents transmitted to the IRS.
